#### 1. Introduction-

Bag making is the Income generation activity that has been decided by Sai Baba SHG under IGA which falls under VFDS Kolang of Range Lad Bharol and Division Joginder Nagar. There are different types of bags such as school bags, travel bags, carry bags, girls college bags, laptop bags and many more. All these bags are made with different materials by stitching. Bags have their demand all over the year and it is used by all age groups.

A group of 7 women of different age groups came together to form a SHG in March, 2021. under the Project for Improvement of Himachal Pradesh Forest Ecosystems Management & Livelihoods and decided to craft a business plan which can help them to take Bag Making as their IGA in a collective manner and raise their additional income.

After discussing about the market potential and different aspects very carefully before getting into this IGA (Income Generation Activity), the Sai Baba SHG group has collectively decided of Bag Making as their Income Generation Activity (IGA). This SHG consists of 7 females who will start making good qualities bag after getting the help from the project. Project will support them by providing funding, training and assistance that they need to develop this skill and become professional. They will be able to make different types of bags and will become self employed. The detailed business plan of this SHG have been crafted according to its investment capacity, marketing & promotional strategy and the detailed action plan will be discussed hereunder:

## 2. Description of SHG/CIG

| 1.  | SHG/CIG Name                | Sai Baba                              |

### 5. Market Potential-

After learning the skill of bag making, this Sai Baba SHG will target the local population of their area and nearby villages. There is a huge market potential with the increase and change of fashion at a rapid pace, the demand of latest design bag will be there all around the year.

| 1 | Potential market places/locations   | Village covered -  |
|---|-------------------------------------|--|
| 2 | Demand of the product               | Throughout the year and high demand in march when school reopens.  |
| 3 | Process of identification of market | Group members will contact nearby villagers/ households/ institutions.   |
| 4 | Marketing Strategy                  | SHG members will directly take<br>orders (group level) from nearby<br>villagers/ households/ shopkeepers/<br>institutions. |
| 5 | Product branding                    | Sai Baba Bags  |
| 6 | Product "Slogan"                    | "Sai Baba bags- best in quality"   |

#### 6. Executive Summary-

Bag making income generation activity has been selected by this Sai Baba Self Help Group. This IGA will be carried out by all ladies of this SHG. This business activity will be carried out yearly by group members. In the nearby market, there is a substantial demand for school bags, handbags, travel bags, and carry bags. After numerous meetings, the group has finally determined that this activity will unquestionably be a means of generating cash for the group, keeping in mind the demand for bags in the surrounding market places. The division of labour between the members have been planned carefully so that each member contributes towards strengthening the IGA and resulting in additional money into their pockets.

## 7. Description of product related to Income Generating Activity-

| 1 | Name of the Product                      | School bags, handbags, travel bags, and carry bags         |
|---|--|--|
| 2 | Method of product identification         | Has been decided by group members after numerous meetings. |
| 3 | Consent of SHG/ CIG /<br>cluster members | Yes  |

#### 8. Description of Production Processes-

- Total number of members in the group is 7. Almost all the members in the group will only work for 4 hours daily as they have other agriculture and domestic work. They will work for 6 days per week. So, we can say, members of the group will be working for 600 hours monthly.
- The group will make 10 to 15 bags per day initially later with experience they can increase the number. In a month, the group will make approx of 375 bags.
- Based on assumption/experience each bag will be manufactured by using material i.e. Mattie cloth, zip, locks, sticker, wire covering, niwar etc.; cost of which will depend on the type and size of bag. We can consider the range of price of using raw material to lie between Rs 80 to Rs 300.
- The total working hours of 1 member in a month (total working days in a month will be 25 and 4 hours per day) will be 100 hours (25 days × 4 hours) and 6 out of total numbers of SHG members working hours in a month will be 600 hours (25 days). Total labour days in a month for the whole group will be 75 days (600÷8). The labour cost comes out to be Rs 22,500 (75×300).

### 9. Description of Production planning-

| 1 | Production per cycle (month)    | 1  month = 375  bags   |
|---|---------------------------------|--|
| 2 | Number of ladies involved       | All ladies (on rotation bases per<br>month as decided by SHG<br>Members) |
| 3 | Source of raw material          | Local market/ Main market  |
| 4 | Source of other resources       | Local market/ Main market  |
| 5 | Expected bag production per day | 15 bags per day  |

#### 10. Description of Management among members

By mutual consent SHG group members will decide their role and responsibility to carry out the work. Work will be divided among members according to their mental and physical capabilities.

Some group members will involve in pre-production process( i.e. procuring of raw material)

- > Some group members will involve in production process.
- Some group members will involve in packaging and marketing.

#### 11.SWOT analysis -

- ✤ Strength-
  - $\diamond$  Raw material easily available.
  - ♦ Manufacturing process is simple.
  - $\diamond$  Proper packing and easy to transport.
  - $\diamond$  Product shelf life is long.
- Weakness–
  - ♦ Shortage of reserve fund with the group to invest on the raw material and to wait for the sale of the product.
  - $\diamond$  Lack of confidence in the group members regarding the success of business.
  - ♦ High competition with the factory made bags presently being imported by the local traders.

- Opportunity–
  - ♦ There are good opportunities of profits as product cost is lower than other same categories of products.
  - $\diamond$  There are opportunities of expansion with production at a larger scale.
  - $\diamond$  Demand all around the year.
- Threats/Risks-
  - $\diamond$  Risk of conflict in the group members.
  - ♦ Sudden increase in price of raw material.
  - $\diamond$  Competitive market.

### 14. Fund flow arrangement in SHG -

| S. No. | Particulars   | Total Amount<br>(Rs) | Project<br>Contribution | SHG<br>contribution |
|--------|---|----------------------|-------------------------|---------------------|
| 1      | Total capital cost                                    | 1,35,000             | 1,01,250                | 33,750              |
| 2      | Total Recurring<br>Cost                               | 73,300               | 0                       | 73300               |
| 3      | Training/capacity<br>building/skill up-<br>gradation. | 50,000               | 50,000                  | 0                   |
|        | Total   | 2,58,300             | 1,51,250                | 1,07,050            |

Note:

i) Capital cost- 75% capital cost will be borne by the project and 25% by the SHG.

ii) Recurring cost- to be borne by the SHG.

iii) Training and capacity building/ skill up gradation to be borne by the project.

| j | SHG  | name:  | Sai Baba | V |
|---|------|--------|----------|---|
|   | 0.10 | manne. | Sui Dubu | v |

| Project<br>support  | <ul> <li>♦ 75% of capital cost will be provided by project if members belong to SC/ST/Poor women. If the members belong to general then 50% capital cost is will be borne by project.</li> <li>♦ Up to Rs 1 lakhs will be parked in the SHG bank account.</li> <li>♦ Training/capacity building/ skill up- gradation cost.</li> <li>♦ The subsidy of 5% interest rate will be deposited directly to the Bank/Financial Institution by DMU and this facility will be only for three years. SHG have to pay the installments of the Principal amount on regular basis.</li> </ul> | Procurement<br>of machines/<br>equipment<br>will be done<br>by respective<br>DMU/FCCU<br>after<br>following all<br>codal<br>formalities. |
|---------------------|---|--|
| SHG<br>Contribution | <ul> <li>         ♦ 50% or 25% of capital cost to be<br/>borne by SHG for general<br/>category and other categories<br/>respectively.     </li> <li>         ♦ 25% of capital cost to be borne<br/>by project if the group is women<br/>group.     </li> <li>         ♦ Recurring cost to be borne by<br/>SHG.     </li> </ul>  |  |

### 16. Training/capacity building/skill up-gradation -

Training/capacity building/ skill up-gradation cost will be borne by project. Following are some training/capacity building/ skill up-gradation proposed/needed:

- ♦ Cost effective procurement of raw material
- $\diamond$  Quality control
- ♦ Packaging and Marketing
- ✤ Financial Management

### 17. Computation of break-even point -

= Capital Expenditure/ [selling price (per bag)-cost of production (per bag)] = 1, 35,000 /(500-330) = 1350

In this process break-even will be achieved after making 1350 bags.

#### 18. Bank Loan Repayment-

If the loan is availed from bank it will be in the form of cash credit limit and for CCL there is not repayment schedule; however, the monthly saving and repayment receipt from members should be routed through CCL.

- ♦ In CCL, the principal loan outstanding of the SHG must be fully paid to the banks once a year. The interest amount should be paid on a monthly basis.
- ☆ In term loans, the repayment must be made as per the repayment schedule in the banks.
- Project support The subsidy of 5% interest rate will be deposited directly to the Bank/Financial Institution by DMU and this facility will be only for three years. SHG/CIG has to pay the installments of the Principal amount on regular basis.

#### 19. Monitoring Method-

- Social Audit Committee of the VFDS will monitor the progress and performance of the IGA and suggest corrective action if needed to ensure operation of the unit as per projection.
- SHG should also review the progress and performance of the IGA of each member and suggest corrective action if needed to ensure operation of the unit as per projection.

Some key indicators for the monitoring are as:

- $\diamond$  Size of the group
- ♦ Fund management
- ♦ Investment
- $\diamond$  Income generation
- $\diamond$  Quality of product

#### 20. Remarks

Members belong to low income group and they can contribute 25% and project has to bear remaining 75%.
