## 1. Introduction

Himachal Pradesh is a State in the Northern part of the India and is situated in the western Himalayas. It is characterized by an extreme landscape featuring several peaks and extensive river system. Himachal Pradesh is known as “Land of God “and is also known for its scenic beauty. Himachal Pradesh is rich in flora and fauna.

The state has diverse ecosystem, rivers and valleys, and has a population of 7.5 million and covers 55,673 sq.km ranging from foothills of Shivalik to the mid hills (300 - 6816 MT above MSL), high hills and cold dry zones of the upper Himalayas. It is spread across valleys with many perennial rivers flowing through them. Almost 90% of the state’s population lives in rural areas. Agriculture, horticulture, hydropower and tourism are important constituents of the state's economy.

The Himachal state has 12 districts and Kinnaur is one of the Twelve Administrative District of the State. The Kinnaur district is divided into three administrative sub division viz Kalpa, Nichar (Bhaba Nagar) and Pooch and has six Tehsils. The district Head quarter is located at Recong Peo. It is the 2<sup>nd</sup> least populous district of Himachal Pradesh after Lahul and Spiti. The total geographical area of the district Kinnaur is 6401 Sqr.KM and the population is 84121 as per 2011 census.

The Kinnaur district once a forbidden land, is now treasure’s trove for the daring and adventurers seekers. The Mount Kinnar Kailash, Abode of Lord Shiva can be seen from Kalpa. Beside this there is pristine at Nako village. The lower Kinnaur has large influences of Hinduism with traces of Buddhism in their belief systems, and in the higher reaches it is Buddhism that dominates and both the religion co exist in harmony.

The district has number of valleys varying from an altitude of 1000 mt to 5000 mt. Most of the area in Kinnaur has temperate climate due to its high elevation. The lower part of the Satluj valley and Baspa valley receive monsoon rains. The upper areas of the Kinnaur District mainly Pooch sub division fall in rain shadow

area. These areas are considered as cold desert areas, having climate similar to that of Tibet. The massive deforestation and over-exploitation of the tree species for various purposes during the past has caused loss/reduction of habitat in many parts of District Kinnaur particularly in Pooh Subdivision. The unrestricted grazing, loping and illegal felling for fuel wood in the tract of District Kinnaur has largely been responsible for its degradation and failure of regeneration in the forest areas.

- . Climatically the Kinnaur is divided into three zones viz Wet Zone, Dry Zone & Arid Zone and the VFDS Hango falls in Arid Zone of Pooh sub division and is about 47kms from the sub divisional head quarter Pooh. It is a beautiful and large village and local inhabitants have started raising Apple, Orchards. Beside this the local people are also cultivating Peas and potatoes in larger scale which has enhanced their income.

The Local inhabitants of Hango village are traditionally wearing hand-woven fabrics Pashmina wool. The traditional dresses of the Hango village are woollen long coat with “Churidar Pazmaa” which are woven from these local khadi both men women wears these dresses and locally known as” **KHOLAK**”. These articles are prepared from the wool of sheep and pashmina wool from **Chigu** which the local people are rearing from time memorial.

In addition to this the local people are also making **carpets** which are famous and are sold in **Lavi Fairat** Rampur and Reckong Peo. The handloom industry in this area has a long tradition of excellent craftsmanship the operation of this industry is common in every house hold of area and most of the members of the family put in joint efforts for its production.

The women in this SHG are already in activity to meet the need of their family members. Now the members have chosen this activity as IGA so that they can earn extra money to meet their expenses and rise some saving also for the difficult times. A group of 10 women of different age groups came together to form a SHG under JICA project and decided to draft a business plan which can help them to take this IGA in collective manner and raise their additional income.
