1. Introduction-

Sweater and Cardigan knitting along with knitting socks, mufflers, scarf, caps, gloves etc. is a common household activity mainly among the women in rural India. Most of the women are well conversant with this IGA and they do it happily in their free time and as well while doing other household works. The women in this SHG are already in activity to meet the need of their family members. Now the members have chosen this activity as IGA so that they can earn extra money to meet their expenses and rise some saving also for the difficult times. A group of 13 women of different age group came together to form a SHG under JICA project and decided to craft a business plan which can help them to take this IGA in collective manner and raise their additional income.

After discussing about the market potential and different aspects very carefully before getting into this IGA (Income Generation Activity). The Chamunda SHG group has collectively decided of knitting as their Income Generation Activity(IGA). Chamunda SHG was formed in the year 2022 under Project for Improvement of Himachal Pradesh Forest Ecosystems Management & Livelihoods (JICA Assisted), which fall under VFDS Kosri. This SHG consists of 13 females. These females already had little experience of knitting and now with the help of this project funding, training and assistance they will develop this skill and become professional. They will be able to do knitting in large scale and will become self independent and generate income. The detailed business plan of this SHG have been crafted according to its investment capacity, marketing & promotional strategy and the detailed action plan will be discussed here under:

		nearby
		villagers/households/institutions.
4	Marketing Strategy	SHG members will directly take
		orders(individual levels/ group
		level) from nearby
		villagers/households/institutions.

6. Executive Summary-

Knitting income generation activity has been selected by this Self Help Group. This IGA will be carried out by all ladies of this SHG. This business activity will be carried out yearly by group members. The members are doing this activity in isolation but now they have joined hands to venture into to this activity at a bit larger scale and in a planned manner after getting the proper training to enhance their skill. Different types of woolen products will be made by this group. They will target all age group and gender. The division of labour between the members have been planned carefully so that each and contributes towards strengthening the IGA and resulting the additional money into their pockets. This SHG will ensure to become the most renowned knitting centre with quality work in its area of operation in coming years.

7. Description of product related to Income Generating Activity-

1	Name of the Product	Woolen cardigans
2	Method of product identification	Has been decided by group members

4	Source of other resources	Local market/ Main market
5	Expected sweaters per day	13 sweaters initially

9. SWOT Analysis-

- **❖** Strength □
 - ➤ Activity is being already done by some SHG members □
 - Raw material easily available from nearby markets
 - ➤ Manufacturing process is simple □
 - \triangleright Proper packing and easy to transport \square
 - > Other family members will also cooperate with beneficiaries

Weakness

Lack of technical know-how.

Opportunity

Increasing demand for good products with latest design.

☐ Threats & Risks

- Competitive market
- Level of commitment among beneficiaries towards participation in training/capacity building and skill up-gradation.

10. Description of Management among members

By mutual consent SHG group members will decide their role and responsibility to carry out the work. Work will be divided among members according to their mental and physical capabilities. Since it is an additional activity in the SHG apart from their routine household work the outcome will be proportionate to the working hours of each member. It is always better initially to keep the production on conservative side which can always be scaled up with passage of time and work experience. Therefore, it is presumed that each member will produce one item per day as finally finished product and daily 13 items can be made available for sale.
