1. Introduction

Sweater and Cardigan knitting along with knitting socks, mufflers, scarf, caps, gloves etc. is a common household activity mainly among the women in rural India. Most of the women are well conversant with this income generating activity and they do it happily in their free time and as well while doing other household works. The women in this SHG are already in activity to meet the need of their family members. Now the members have chosen this activity as income generating activity so that they can earn extra money to meet their expenses and raise some saving also for the difficult times. A group of 10 women of different age group came together to form a SHG under JICA project and decided to craft a business plan which can help them to take this income generating activity in collective manner and raise their additional income.

3. Description of SHG

The informal asha SHG group was formed in December 2021 VFDS to provide Livelihoods Improvement Support by up gradating skill and capacities. The group consists of poor and marginal farmers.

a women group consist of marginal and weaker section of the society having less land resources. Though all Group member grow high value cash crops Viz. Cauliflower, Cabbage, Peas, Garlic Onion Tomatoes etc. but as the land holding of these members is very small and the production level has reached near saturation, so in order to meet out their financial requirements' they decided to go ahead with knitting which can enhance their income. There are 10 members in this group and their monthly contribution is Rs 2000- per month, the detail of Group members is as under:-

15. Resources of Funds and Fund Requirement

Sr no	Detail of Resources	Amount in Rs.
1	Project share on Capital cost of 112995(75%)	84746.5
2.	Monthly contribution till date	22000
3.	Loan from bank	
	Total	

● Rs one lac will be provided to self help Group as a revolving fund to take the loan from bank.

● 75% of Capital cost will be borne by Project.

16. Computation of Break-even Point

Break-even Point = Capital Cost/ Sale /kg.- Recurring Cost /Kg.

Even point of coty

$$112995/218 = 518$$

Even point of sweater

$$112995/190 = 594$$

Even point of baby set

$$112995/96 = 1177$$

Even point of pair of socks

$$112995/43 = 2627$$

Even point of muffler

$$112995/60 = 1883$$

Even point of cap

$$112995/45 = 2511$$

Total profit (coty, sweater, baby set, socks, muffler, toppu = $218+190+96+43+60+45=652$
so $112995/652=173$ days

After sales of **112995** breakeven point can be achieved after 173 days circle.

17. Loan Repayment Schedule

If the loan is availed from bank it will be in the form of cash credit limit and for CCL there is no repayment schedule; however, the monthly saving and repayment receipt from members should be routed through CCL.

- In CCL, the principal loan outstanding of the SHG must be fully paid to the banks once a year. The interest amount should be paid on a monthly basis.
