1. Introduction

Himachal Pradesh is a hilly state located in the western Himalayan region. It is famous for its natural beauty and rich culture. The climate of Himachal Pradesh is very diverse and many small and big rivers and valleys enhance the beauty of the state.

The total population of the state is about 70 lakhs. Its geographical area is 55673 sq. km. which is spread from the Shivalik hills to the cold desert region of the upper Himalayas. Agriculture and horticulture are the main occupations here. Among the 12 districts of Himachal Pradesh, Kullu district is famous for tourism and horticulture. Kullu district is located in the central hills of Himachal Pradesh.

Village Banogi is located in Gram Panchayat Barahar development block Kullu, Tehsil and District Kullu in Himachal Pradesh. The valley of Kullu district have been given various names according to their physical structure, one of which is Maharaja

Village Barahar is located in Maharaja at a distance of about 16 km from Kullu headquarters. The main occupation of the people in village Banogi is agriculture and gardening but due to lack of proper irrigation system, people are not getting the expected increase in their income. Most of the people have very little land, due to which they are not able to earn their livelihood properly. To improve their livelihood, people earn their livelihood by growing cash crops and gardening.

People in the village are also engaged in making pattu, but the production is done in a traditional way, due to which the production is less and the income is also less. To overcome this problem and to increase the production of products, these women need information about advanced types of machines which are suitable for this production.

According to the geographical situation, these products are required throughout the year in this area. Therefore, production can be increased as much as possible by using proper training and modern machines. There is also a need to prepare new products according to demand and fashion from time to time.

After the formation of Village Forest Development Society, Barahar the village, Project for Improvement of Himachal Pradesh Forest Ecosystems Management and Livelihoods told the people about working in groups to increase their means of livelihood.

Through the project, 02 self-help groups were formed in Barahar the form of "Narayan", "Jamdagini Rishi" self-help groups. After this, "Jamdagini Rishi" self-help group decided to work on handloom. 14 members joined this group.

Based on the advice, suggestions and experiences of handloom expert Shri Jugat Ram Him Weaver Technical Assistant along "Jamdagini Rishi" group, the group members decided to make shawls and stoles etc. Expert Shri Jugat Ram was requested from time to time to make the group aware,

skilled and capable, so that the products made by the group are beautiful, attractive and of good quality. This will increase the livelihood of the group.

Project for Improvement of Himachal Pradesh Forest Ecosystems Management and Livelihoods decided to give training to “Jamdagini Rishi” self-help group in making shawls and stoles along with giving Rs. 100000/- as revolving fund.

To prepare the livelihood enhancement business plan of “Jamdagini Rishi” self-help group, Shri Shashi Sharma (FTU Coordinator), Bhutti Forest Range Miss Premla Thakur (FTU Coordinator), Kullu Forest Range and handloom expert Shri Jugat Ram held repeated meetings with the group members and under the guidance of Divisional Forest Officer Sh. Angel Chauhan (IFS), Sh. Manoj Kumar (HPFS), Assistant Forest Conservator, Kullu, with the cooperation of Miss Anjel Sharma, Forest Range Officer, Kullu and Sh. Devinder Kumar Bhandari, Forest Block Officer, Kullu, this livelihood enhancement business plan was finalized.
